

Staff Survey 2021-2022

Is there any concerns or questions that you may have regarding opening school and educating students if school starts on August 19th?	Are there any specific practices you feel should be specifically implemented in the school?	Do you feel a mask policy should be implemented in school?	Do you have any ideas that the Lake Preston School District can use for purchases regarding mitigation, projects, or equipment related to Covid-19?	Do you have any additional thoughts, questions, or feedback?
Will we continue with the same procedure we has last year when kids did need to quarantine? (daily check ins, etc)	I really liked the hand sanitizer stations that were located in the halls and at the stairways early in the school year. We need to promote cleanliness even without a pandemic.	No, only for those who choose to wear them.	not at this time	Hoping we can keep everyone healthy and in the building!
No concerns/questions.	No specific practices.	No, only for those who choose to wear them.	No ideas at this time.	None. :)
What will happen if the new variant largely affects our area or school building? Will there be any leave available beyond our normal amount that can be used in the instance you or your family have confirmed Covid?	Continued disinfecting measures	No, only for those who choose to wear them.	I think many of the things we purchased last year provided some great resources and ways to do things safely. I hope to see continued disinfecting and consistent hand washing to help in all areas of sickness (flu, covid, etc). Providing soap and hand sanitizing materials is important. I also thought having water bottles provided was very nice. Our students drank more water and it caused less learning time when they did not have to go in the hallway to get a drink all the time.	I am praying for a safe and healthy year. It is easy to forget that covid is still out there. I do think it is just a part of our lives now and I hope we can still move forward as best we can for both students and staff.
No	N/A	No, only for those who choose to wear them.	N/A	You have done a great job regarding COVID. Hopefully the board will take your recommendations for this upcoming year.
no	no	No, only for those who choose to wear them.	NO. I think mental health should be seen as a larger issue than covid-19 right now.	I would like the students to return to as normal of a school year as possible.
No	continue to push washing hands and hand sanitizer and cleaning well	No, only for those who choose to wear them.	None	None
No	nothing specific	No, only for those who choose to wear them.	not at this time	No
No	No	No, only for those who choose to wear them.	No	No
No	Keep sanitizing rooms, desks and areas where kids are most	No, only for those who choose to wear them.	No	I feel we should go back to normal.
No	No	No, only for those who choose to wear them.	No	Great job dealing with Covid 19 stuff last year
No	No	No, only for those who choose to wear them.	No	No
Just making sure all staff are implementing the same procedures.	I do like the wiping off desk's and high traffic Ares between class transitions.	No, only for those who choose to wear them.	Possibly something to have better air flow/ circulation throughout the building as some areas get extremely hot/ cold.	Not at this time. I think we did the best we could last year and we will take what we learned and implement it into this school year.

No	No	No, only for those who choose to wear them.	No	No
Will lunch remain the same with having students eating in the gym and students having to sit with there classmates? Will there still be two bells?	None that I can think of.	No, only for those who choose to wear them.	Paper towel holders for all classrooms.	No
No	No	No, only for those who choose to wear them.	No	No
Not at all	Sanitizing regularly like we did last year. I think it kept all illnesses at bay.	No, only for those who choose to wear them.	Disposable masks in case we would need them at times.	You have all done a super job making us all feel safe.
No	not sure, I think there are some things we should continue doing	No, only for those who choose to wear them.	no	no
no	no	No, only for those who choose to wear them.	no	no
no	no	No, only for those who choose to wear them.	no	no
No	I feel we have implemented excellent safety precautions and have taught our students excellent healthy habits.	No, only for those who choose to wear them.	No	No
No	Not at this time.	No, only for those who choose to wear them.	Not at this time	Not at this time
Not necessarily. I thought what we did last year to mitigate COVID was a good plan.	I will likely still do pantyhose on the students' instruments in band, but other than that, last year's policies seemed to work well.	No, only for those who choose to wear them.	I haven't seen anything different from what we did last year that could help, but will keep looking out for it!	Overall, if we stay as cautious as we were last year, I think we'll be okay. It's really easy to fall back and feel like the pandemic is over, but extremely unfortunately, it isn't. So as long as we keep our guard up, I think we will be okay!
No	No	No, only for those who choose to wear them.	No	No
No, I am confident it will be a great year	I believe we should continue to clean toys and learning materials at the end of the day	No, only for those who choose to wear them.	No, I think we did a great job last year.	I think we are going to have a great school year!
No- hoping to be as "normal" as possible. Would like to see us make changes after "normal" doesn't work. I understand why we did distance learning this year, but it cannot be an option in the future. The amount of extra work it put on everyone did not justify the outcome.	I think more mental health opportunities for elementary student should be looked into - lunches, small groups, mixed grade levels. We can't educated students if their mental health isn't in check.	No, only for those who choose to wear them.	When was the carpet last updated?	None.
no	no	No, only for those who choose to wear them.	sinks in rooms	no
No questions or concerns	N/A	No, only for those who choose to wear them.	None	N/A

Do you feel a mask policy should be implemented in school?

27 responses

- Yes, for teachers, staff, and students.
- No, only for those who choose to wear them.
